Press Release

DEBT RESOLVE ENTERS BENELUX REGION (BELGIUM, THE NETHERLANDS AND LUXEMBOURG) *Follows on Successful Launch in the UK*

WHITE PLAINS, NY (September 26, 2007) – Debt Resolve, Inc. (AMEX: DRV) announced today that it has entered into a strategic partnership with ODC (Online Debt Collection) Tools, a Benelux-based consulting firm. ODC Tools will launch a campaign to promote and accelerate the adoption of the Debt Resolve online collections product in the Benelux region (Belgium, The Netherlands and Luxembourg), and will provide Debt Resolve with local expertise including sales, marketing, and project management support to service European clients.

A recent report on the consumer credit market in the Benelux region reveals that 'gross advances in the Benelux consumer credit market will reach €27.4 billion in 2010.' Belgian consumers have traditionally been more conservative with their spending; however, the younger generation is more inclined to spend, less inclined to save, and more likely to get into debt. Conversely, consumers in Luxembourg have greater earning power than consumers in Belgium or the Netherlands, due to a higher level of wealth in Luxembourg, and because of this, they prefer to pay off their debts with ease.

James D. Burchetta, Chairman and CEO of Debt Resolve stated: "This is the ideal time for us to launch Debt Resolve in the Benelux region. We successfully launched our product in the UK collections market earlier this year, and are excited to reach the Benelux market as well. ODC Tools' expertise and experience will be invaluable to the growth and expansion of our company in this region."

ODC Tools is a Credit Management Services & Solutions provider, offering innovative technologies for both cost and time efficient e-billing & online debt collection solutions. The company is led by Mr. Daniël Boelen who has many years of credit management experience as a consultant, manager, coach and trainer, completing numerous credit management projects successfully in both the commercial and public sector, and the company is supported by a network of marketing and sales professionals who are dedicated to activate their experience and network for the company and the DebtResolve system. Mr. Boelen commented: "ODC Tools is excited to enter into this partnership with Debt Resolve, Inc. as the company and its unique and world wide patented online consumer debt settlement and collection solutions offer great opportunities in the Benelux region. We are confident that the DebtResolve solutions will create significant added value to the current Benelux accounts receivable operations."

About Debt Resolve, Inc.

Debt Resolve provides lenders, collection agencies, debt buyers and utilities with a patented online bidding system for the resolution and settlement of consumer debt and a collections and skip tracing solution that is effective at every stage of collection and recovery. Through its subsidiary, DRV Capital, LLC, the company is actively engaged in the purchase and collections of distressed accounts receivable using its own collections solutions. Through its subsidiary, First

Performance Corporation, the company is actively engaged in operating a collection agency for the benefit of its clients, which include banks, finance companies and purchasers of distressed accounts receivable. The stock of Debt Resolve is traded on the American Stock Exchange. Debt Resolve is headquartered in White Plains, New York. For more information, please visit our website at www.debtresolve.com.

Forward-Looking Statements and Disclaimer

Certain statements in this press release and elsewhere by management of the company that are neither reported financial results nor other historical information are “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Such information includes, without limitation, the business outlook, assessment of market conditions, anticipated financial and operating results, strategies, future plans, contingencies and contemplated transactions of the company. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and other factors which may cause or contribute to actual results of the company’s operations, or the performance or achievements of the company, or industry results, to differ materially from those expressed or implied by the forward-looking statements. In addition to any such risks, uncertainties and other factors discussed elsewhere in this press release, risks, uncertainties and other factors that could cause or contribute to actual results differing materially from those expressed or implied by the forward-looking statements include, but are not limited to, events or circumstances which affect the ability of Debt Resolve to realize improvements in operating earnings expected from the acquisition of First Performance and the contemplated acquisition of Creditors Interchange; competitive pricing for the company’s products and services; fluctuations in demand for the company’s products or services; changes to economic growth in the United States and international economies; government policies and regulations, including, but not limited to those affecting the collection of consumer debt; adverse results in current or future litigation; currency movements; and other risk factors discussed in the company’s Annual Report on Form 10-KSB for the year ended December 31, 2006, and in other filings made from time to time with the SEC. Debt Resolve undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise. Investors are advised, however, to consult any further disclosures made on related subjects in the company’s reports filed with the SEC.
