CHICAGO, IL. May 30, 2006 -- Leading Edge Recovery Solutions LLC today announced that they have selected DebtResolve to provide them with online collection tools. The Chicago-based collection agency has been featured in many articles over the past year as a result of their fast paced growth to a 245-collector call center with a second 100-seat location slated for opening later this year.

Debt Resolve, Inc., is the first company to offer online negotiation and settlement tools to the collections industry. Debt Resolve provides its clients the opportunity to lower their current cost to collect and find debtors who resist existing collection channels. The DebtResolve system gives the debtor facilities to settle and pay their debts online, in a stress-free and secure environment.

Anthony Crews, Leading Edge's President said: "Our industry is undergoing tremendous change. Both issuers and their agencies have to implement changes quickly to adapt to the evolving debtor base we are contacting. Online collection is a necessary component of our future recovery models."

Debt Resolve's Senior Vice President and Director of Sales, Jim Mahoney, told us: "We are thrilled to have Leading Edge join our list of forward-thinking clients. Their growth has been a direct result of strategic thinking, the increasing confidence of major issuers in them and implementation of their corporate vision.
